

# ON REDEEMING CAPTIVES

## *Pidyon Shevuyim*

Prof. Effie Shoham-Steiner

Tues., Dec. 5 @ 10:30 AM

on ZOOM

Is there an historical context for what we are witnessing now with the hostages in Gaza? What are some important examples of PIDYON SHVUYIM from Jewish history? How did communities deal with Jews who were abducted and held captive? What is the unwritten "contract" that the Jewish people has with each other regarding "the captive"? And how is the present situation similar or different from examples in the past?
