Throughout her years of service and leadership in Highland Park, Mayor Elsie Foster has been a true friend of the Jewish community. She has always reached out to us for input and advice and has always been responsive to our needs. Whether it be celebrating Israel's 75th year of independence at a historic town gathering, or working to enhance security of our institutions, she has consistently stood by our side.

Her support, solidarity, and genuine concern was never clearer than on October 7. She personally reached out to us, showed up at our services, and shared in our horror and in our grief. She gave us a presence at Borough Council meetings and spoke out against the growing wave of antisemitism emerging in and around our community.

During these months, she has attended our many vigils, comforted us with her deep religious faith, and shared our hopes and dreams for Israel and America. She has always stood with us, even at the cost of her own popularity. And so much more.

We honor her for everything she has done for Highland Park and our community. But most of all, we honor her for her decency, integrity, and genuine friendship. For that we will always be grateful.

May God watch over her and sustain her and as she has been a blessing to all of us, May God bless her in everything that she does. Amen!
